

DATA SHEET

GUIDING STICK **ARTICULATED SMART**

The Smart Articulated Stick **has been designed to be used in suspended load operations.** Its innovative design features a pin locking system, allowing the length to be adjusted according to the requirements of the activities and to adapt to operators of different statures, meeting the diversity of anthropometric standards. It also offers practical storage and can be adjusted to approximately 50% of its total length, contributing to housekeeping and 5S programs.

Also use the "Vertical Handle" accessory (code: 1.31.0271), for models over 5,0 ft (1.5 m) , for even more comfort and ergonomics.

Locking pin with opening adjustment

Rubberized handle - anatomical and non-slip
