DEVICE

EVERYTHING STORED – EVERYTHING AT HAND. THE NEW BELT HOLSTER XXL.

The new, extra large belt holster by MARTOR is a real space miracle. In the outer compartment, there is room for several MARTOR cutting tools, which are always ready to hand. In the inner, lockable compartment, you can store everything else you need during the working day.

FLEXIBLE CARRYING SYSTEM

With the (detachable) strap, the BELT HOLSTER XXL becomes a shoulder bag. Or a hip bag, just as it best suits your work. Alternatively, use the Velcro fastener or the clip on the back – and attach the bag directly to your belt or trousers.

ADDITIONAL TRANSPORT PROTECTION

The BELT HOLSTER XXL is designed to support you in your daily cutting work. Therefore, the MARTOR cutting tools are directly and freely accessible. The Velcro flaps are fastened on the inside at this moment. But if you don't need your knives, just put the flaps over them. This way they cannot fall out in any case.

Everything at hand, flaps fastened inside

Cutting tools secured
