

## TECHNICAL DATA SHEET

### SECUPLUS 363 NO. 363001

#### Safety technology

#### No sharp blade = extra safety

The cutting edges are not angled, but straight ground. This means: No danger for your fingers. Therefore our safety scissors all carry the name SECUPLUS = special safety

#### SMALL SAFETY SCISSORS WITH FINGER-FRIENDLY SPECIAL GRINDING.

Order No. 363001.00

#### Precise to the millimeter. In many regards.

Our safety scissors for extra fine and targeted cuts. Now longer with optimised finger openings for even easier handling. Despite their compact size, the scissors remain highly effective. In this way, the lightweight cuts through cardboard, paper, film, fabrics, yarn and strapping band. Your fingers and hand are protected against injuries by the special way the scissors have been sharpened in addition to the rounded tips.

#### Efficient, but not hazardous

Take a look at the cutting edges. Noticed anything? They are not ground at an angle, but at right angles. Therefore you cannot cut yourself, only the large range of potential materials.

#### Stainless steel

You will be able to use your scissors for a very long time as the metal parts are made from stainless steel. The handles have been coated in a plastic reinforced with fibreglass. An-

other guarantee for a long service life.

#### Comfortable working

The experts call them "eyes" and these are the small openings in which you insert your fingers to securely hold the scissors. The "soft grip" on the insides also helps to ensure comfortable and non-slip working.

#### Short cutting

In brief: this is true precision! This makes the SECUPLUS 363 especially suitable for precise, sophisticated cutting. The scissors will not drift away from your line, even when you want to cut in the smallest corners.

#### Sturdy connection

A matter of course for quality scissors: Both of the cutting edges are held together by a real screw. This ensures sturdy connection and permanent high cutting power.

		Quantity in outer pack	10 scissors
		Size outer pack	95 x 128 x 195 mm
		Weight outer pack	511.7 g
		EAN Code outer pack	4002632972638
		Customs tariff number	82130000

## SAFETY ADVICE

Please read these instructions and keep them safe so that you can use your new MARTOR scissors safely and in the best possible way.

**1. General application instructions:** Please always use the product carefully for manual cutting work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the knives into account in this regard. As an additional safety measure, we recommend the wearing of safe gloves.

**2. Special application instructions to avoid the danger of injuries:** Always use the safety scissors with great caution even when the specially sharpened cutting edges seem to offer protection from cut and stab injuries. Do **not** grind the scissors. Please only use the scissors for the above-mentioned materials in an appropriate fashion and always carefully. With this in mind, respect the correct handling and usage of the safety scissors. Any other usage can lead to damaging the product or even other nearby items. Through

inappropriate usage, e.g. knocks, bangs or falling from even a low height, the scissors can become damaged. In particular, the scissors must not be used in a way that can cause a crushing hazard to the hands or other limbs. Always guide the safety scissors in a straight line away from you and keep them at a constant suitable angle.

**3. Storage/Nonuse of the scissors:** When you are not using the scissors, keep them in a safe place. If the scissors are visibly damaged, do not use them.

**4. Care advice:** Protect the scissors from moisture and heat and store in a dry place. From time to time, put a drop of oil in the screw slots so that the cutting action remains smooth.

**CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This scissor does not belong in the hands of children!**

### BELT HOLSTER M

NO. 9921

What do you do with your cutting tools when you are not actually using them? The MARTOR BELT HOLSTER M is a robust holder that allows you to carry all midsize MARTOR knives as well as our safety scissors at all times. In addition, the interior and exterior pockets are designed to allow you to load different tools: for example you can carry an extra safety knife, a pen and a pack of blades. The MARTOR BELT HOLSTER is the ideal place to stow your tools safely when moving from A to B - and have them at hand, as soon as they are required.

### BELT HOLSTER XXL

NO. 9924

The BELT HOLSTER XXL is a real space miracle. With it, you not only transport your MARTOR cutting tools safely from A to B. All other work utensils are always within reach. The BELT HOLSTER XXL has two large compartments: the inner one is lockable, the outer one is equipped with a knife safety device. You are also well equipped when it comes to carrying options. Choose flexibly between strap, Velcro fastener and clip.
