THE SMART HOLDER FOR YOUR CUTTING TOOLS. THE TOOL RETRACTOR FROM MARTOR.

Cut, unpack, continue cutting. Professional users waste no time. So that the cutting tool is always to hand, there is the TOOL RETRACTOR. It holds your MARTOR knife securely and keeps up with every pace. As soon as you let go of your tool, the TOOL RETRACTOR pulls it back to you.

LONG AND RESILIENT

The core of the TOOL RETRACTOR is the heavy-duty Kevlar cord (up to 355 Newton). It is flexibly extendable up to max. 90 cm and protects your MARTOR knife from falling down. It also retracts quickly, provided your cutting tool does not weigh more than 170 g.

EASY TO ATTACH

Use the large carabiner to attach the TOOL RETRACTOR quickly and easily to your belt loop. The end piece on the other side is detachable so that you can pull the steel cable through the eyelet of your cutting tool even more comfortably (Quick Connect).
