SECUNORM 500
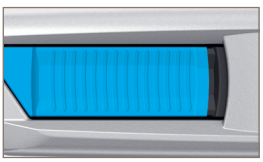
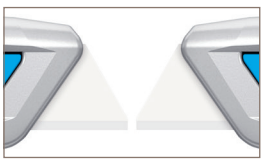
NO. 500001

Original size

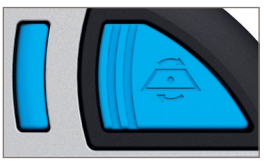


Ergonomic handle
The excellent ergonomics can be felt all over the SECUNORM 500, for example in the newly shaped handle which fits comfortably into the hand. Or in details such as the nicely rounded knife end or the non-slip soft grip on the slider.

Abrasion resistant
The robust aluminium handle is designed for the most frequent cutting tasks. The all-rounder also has a ceramic blade with durable sharpness as its special feature.



Double-sided slider
With the predecessor, the SECUNORM PROFI, there were both left and right handed models. With the modern successor, anyone can cut effectively – with the ability to change hands when the task requires it.

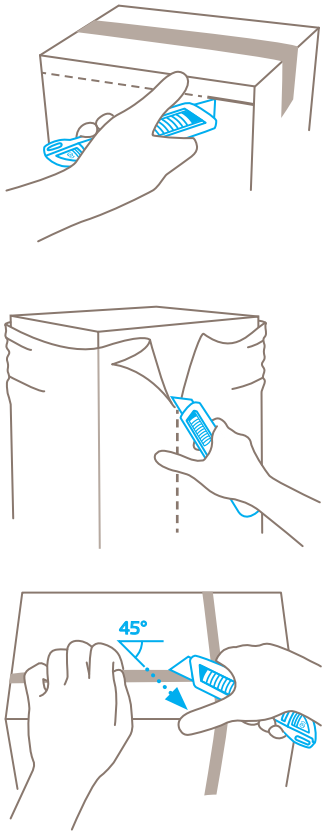


Tool-less blade change
Blade changing without tools. The SECUNORM 500 comes with an intuitively operated blade change button. Press once to remove the blade carrier with its securely held blade.

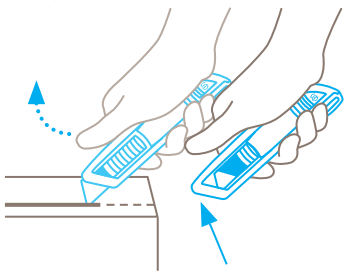
Blade changing made easy
The blade cover remains in the required position when opened. The blade is then easy to access and is removed using the bladeless edge, avoiding risk of injury.

The safety knife. With ceramic blade.
Over 40 years ago the SECUNORM PROFI set standards in safety, robustness and ergonomics. Its successor goes several steps further. For example, the new aluminium handle significantly improves handling and makes cutting easier, the new slider can be operated from both sides, there is a pre-installed ceramic blade and the blade change has been made so much simpler. Apart from these improvements, the proven automatic blade retraction will continue to protect you from cutting injuries.

Application



Safety technology



Automatic blade retraction – a high degree of safety
The automatic blade retraction of the SECUNORM 500 guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

PRODUCT FEATURES

Technical features

- High safety
- Tool-less blade change
- Very abrasion resistant
- Very ergonomic
- 2-cutting edge blade
- Cutting depth
- Rounded-tip trapezoid blade
- Soft grip
- Ceramic
- For right and left handers

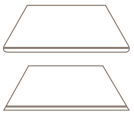
Main cutting materials

- Cardboard: up to 2-ply
- Wrapping, stretch and shrink foil
- Plastic strapping band
- Tape
- Bagged goods
- Layers of foil or paper

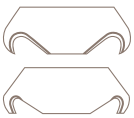
Installed blade

NO. 65232C 0.65 mm, ceramic, rounded blade tips, deep-edged

Optional blade



NO. 65232 0.63 mm, rounded blade tips, deep-edged
NO. 5232 0.63 mm, deep-edged
NO. 5233 0.63 mm, 1-sided ground-edge
NO. 610 0.63 mm, stainless
NO. 852 0.63 mm, stainless, TiN
NO. 56 0.63 mm



NO. 5634 0.63 mm, rounded blade tips
