

Manufacturing date	2009 -
ATEX & IECEx marking	N/A. VTT research report VTT-S-02546-09
Product description	Antistatic protective film
Temperature classification	N/A
Operating temperature	-40°C ... +55°C
Material	Polyester with electrostatic dissipative coating
Surface resistance (typical)	$10^6 - 10^8 \Omega$

	Dimensions / mm		
	L	W	H
Protective Film Ex	230 - 920	270	0,1
